

September 10th marked the two-year anniversary of Burgos Missions. With hearts full of thanksgiving to God, we celebrate, with our partners, the opportunity we have to join God in what He is doing in the earth. We are well aware that God's work in Burgos began long before we were a part of it; however, we don't want to miss the opportunity to rejoice in this chapter of the story. Be encouraged and let us say thank you for your support, encouragement, and prayers. Below we report some ground that has been gained in these two years. As we remember these things, the desire to go farther with God grows and the sense that He has so much in store increases. Please join us in praying that we all live the dream God has dreamed for us. His kingdom come; His will be done.

71 children are currently served by the Child Sponsorship Program. From their American sponsors, children receive monthly help in the form of items such as food, clothing, school supplies, shoes, etc. There are children still waiting to be sponsored. Five are pictured above.

Not only do the sponsored children receive physical help, they are also served by Christian Education programs. Families of the children are ministered to as well as relationships are built through working with the children. More information about this and all our programs can be found at : burgosmissions.org, or info@burgosmissions.org.

Just as it does where you live, most ministry takes place in relationships. We are working purposely as members of our community in Burgos, to show the love of Christ through our words and actions. Programs like these mentioned above are important, but it all comes down to knowing and loving the people in our lives.

Pray for this year. We are expecting great things. We will revise some of the things we are doing and implement a couple of new things. We will be focusing on training and supporting local leaders and workers. Pray for those leaders to be raised up and empowered.

Blessings to you and your family. You are a great encouragement to our family. Thank you for your support.
